**AFFIDAVIT UNDER 37 CFR 1.132**

5 I Chi-Fong Ho am the applicant in the instant application. I was one of three joint  
inventors in application number 09/682,311, which is now publication number US  
2003/0036377 A1. In application number 09/682,311, I conceived of the idea for  
initializing the x most significant bits of integrity counts of both a first station and a  
second station to the START value. Neither of the other two inventors in application  
10 number 09/682,311 conceived of this subject matter.
